

DISCUSSION DRAFT
Proposed 2006 CWEMF Workshop on DSM2 Calibration
P. Hutton 3/8/06

Workshop Coordination

I am willing to organize and moderate the workshop. I request staff support from DWR Delta Modeling Section to assist in the workshop organization and in taking detailed notes.

Workshop Goals

1. Provide a forum to communicate stakeholder input to DWR on the next DSM2 calibration.
2. Help DWR and stakeholders define and prepare for active stakeholder peer review roles in the next DSM2 calibration.
3. Motivate discussion on an appropriate schedule for the next DSM2 calibration.

Agenda/Speakers (3 hours)

1. Introductory Remarks (Paul Hutton) – 15 minutes
2. Overview of 1999-2000 IEP PWT Calibration Process (DWR staff) – 15 minutes
3. Thoughts on Next Calibration (Tara Smith) – 45 minutes
 - a. What are limitations of current calibration that should be addressed?
 - b. What new data are available for calibration and validation?
 - c. How should work on addressing limitations and incorporating new data be prioritized?
 - d. What might the calibration schedule look like?
 - e. What is an appropriate role of stakeholder participation given needs to balance efficiency and peer review?
 - f. What are impediments to initiating calibration effort?
 - g. Other thoughts?
4. Response to / Comments on Tara's Presentation (Panel Discussion) – 45 minutes
 - a. Who should be represented on the panel?
 - i. Other DWR units (Suisun Marsh Branch, O&M Ops Planning, MWQI, Delta Planning Branch)
 - ii. USBR
 - iii. MWD
 - iv. CCWD
 - v. EBMUD
 - vi. Others?
 1. SWC Representatives
 2. CVP Representatives
 3. DFG
 4. USFWS
 5. Environmental Stakeholders
 6. USGS
 7. Consultants (CH2M-Hill, Jones & Stokes, RMA, others?)
 8. Universities
5. Questions/Comments on Panel Comments (Open Discussion with Paul Hutton moderating) – 30 minutes
6. Next Steps (Open Discussion with Paul Hutton moderating) – 30 minutes
