

CalSim-III Hydrology Development Group

Agenda

November 3, 2004 (Wednesday)

9:00am-12:00pm

Resources Building Rm-210

Call in number: (916)574-2556

1. Opening remarks
(Kadir/Brekke 5min)
2. Proposed reduction to the set of "Boundary Definition" options for further consideration: (1) DAU, (2) WMA, (3) sub-elements to either
(Brekke 5 min; rationale presented for group feedback)
3. a. Discussion on models/processes dependent on near-term hydrology development (CalSim-III development, Common Assumptions, etc)

b. Discussion on models/processes dependent on long-term hydrology development and boundary definition selection (operational water budget analyses, DPLA efforts, CVGSM3 development, stream-temperature modeling, etc)

(Brekke lead, 60 min)
4. Discussion and adoption of screening criteria (starting points include Rob Leaf's emailed criteria, and other suggestions from the HDG)
(Brekke lead, 60 min)
5. Identification of information requirements for criteria evaluation; assignment of information gathering tasks (Due date w/presentation Nov 17, 2004 meeting)
(Brekke lead, 30min)
6. Meeting review: where we are, objectives for next meeting.
(Brekke/Kadir lead – 15min)
7. Closing remarks and November 17th Agenda Planning
(5min)

Next Meetings: November 17, 2004 Rm-1142 9:30-12:30
December 1, 2004 Rm-210 9:00-12:00
