# CALSIM-III Hydrology Map Development

Split DAU 144 @ Singer Creek runs into Pine Creek.

DAUs 143 & 145 split: Move to west of Cow Creek @ Cow Creek watershed edge.

DAUs 144 & 166: Definition of eastern edge of DAUs vs. GW Basin – reconcile (*See DSA*)

## Butte Basin

- Delete 166/168 boundary.
- Move DAU 168 to Butte Creek/GW Basin.
- Between Butte Creek & Sacramento River above Butte Slough Outfall, rename to DAU 167.
- DAU 168 east of Butte Creek & West levee of Sutter Bypass.
- DAU 165 would be split to DAU 165a and 165b. DAU 165a would include Meridian Basin, while DAU 165b would be Robbins Basin (*Reclamation District 1500*).
- DAU 164 split to 164a & 164b. DAU 164b would include Reclamation District 108 and River Garden Farm Company.
- Brown Valley Irrigation District – DAU 171 re-evaluate, separate from Yuba County Water Agency.
- Check DAU 159 & 170. Groundwater and DAU split.
- Look at DAU 162. Separate Sacramento River/Yolo Bypass from Yolo County FCWCD.
- DAU 195 and Delta – re-evaluate.
